

CBR TEAM COMPETITION

This competition was introduced in 2016 for the CBR series, and it was an enormous success in it's first year! This competition encourages teams to bring on more riders to their club and introduce them to competitive racing. However, the largest club does not always have the greatest advantage. Precisely placed teammates can gain you the necessary points needed to make you the next TEAM CHAMPION

Being a team Champion earns you the Team Cup, with your team engraved in it for all time. You also get to proudly show off your team trophy in-front of your VIP team tent on the team pedestal at every event.

How it works, and how to earn points

The team that accumulates the most points throughout the 6 race series, will then be declared Team Champions. Points will ONLY be awarded to the team if they are registered with USAC on that day! (It will automatically generate your affiliated team with the results, if it doesn't you're not registered for that team that day).

Points will be awarded the following

25 pts for 1st, 24 pts for second, reducing 1 point per finishing place all the way down to 25th place. Places 11th- 100th will receive 1 point, however, Max riders to score per category is five riders.

Highest total points at the season Finale June 5, 2022 race is declared the TEAM CHAMPIONS!
